

Educational Technology
Advisory Committee Report
October 28, 2025

- IT equipment inventory of all classrooms continues
- Not planning to upgrade classrooms to 4K capability now
- 8 Classrooms upgraded at an investment of about \$9,200 each
- Includes rack and chair
- Podium has access to racks inside from the front and back

- Standard is to replace all computers within 6 years
- Upgrade W11 PCs Core I-5 16 GB & 512 GB Solid State Drive (SSD)
- Also tracking Apples, & 14" Laptop MacBook Pros
- Lab Mac Studios will be M2 Max chip with 32 GB and 1TB SSD
- Any new Chrome Books will be upgraded to 4GB
- iPad Tablets will be 9th generation with 64 GB

- Before any computers are replaced, IT will conduct an analysis to determine if the machine is obsolete or in need of repair and evaluate the compatibility of the operating system.

- Please contact IT help desk at 3345 to schedule an evaluation.

- The requesting department should contact the vendor to confirm the application will operate as needed after the change.

Respectfully submitted,
Cary Gray 805-570-0620
